Performance may vary from location to location and from year to year, as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible and should consider the impacts of these conditions on the grower’s fields. Atrazine Duracade® 5222A, Atrazine Vipera® 3330A, Atrazine Vipera® 3220A, and Atrazine Vipera® 3110A contain Atrazine Artesian technology. ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. Roundup® crops contain genes that confer tolerance to glyphosate. Glyphosate tolerant crops will kill crops that are not tolerant to glyphosate. Individual results may vary, and performance may vary from location to location and from year to year. These results may not be an indicator of results you may obtain as local growing, soil and weather conditions may vary.
